6x Free Online Events

Our main event, streamed live, included an introduction by The Mayor of Bristol, 3 diverse and engaging HIV positive speakers, an update on the city's HIV response, CHIVA's acclaimed short film "Life Growing Up" and an exclusive performance of a song written by Sing Out Bristol especially for the occasion. The event is still available on Brigstowe's Facebook Live page. Other events included an online vigil, HIV Awareness Training and 3 panel discussions. Every single one of these events included at least one positive speaker sharing their powerful and inspirational stories. We pay tribute to all these individuals who had the courage to share their personal experience.

“
Received HIV Training through Brigstowe. Enlightening and fascinating just doesn't seem to describe how good it was. Everyone in every sector of work should do it!
